Find an Iowa State University Extension and Outreach 4-H camping experience that fits your interests. Select from four 5-day/4-night camps offered at the 4-H Center near Madrid. Camps are open to students grade 5-8. Watch our website www.extension.iastate.edu/4h/camping for details and registration information.

1. **State 4-H Leadership Camp** – June 14-18
   Strengthen skills in team building, group leadership, and community leadership – then return home and put it into practice in your community.

2. **4-H Veterinary and Animal Science Camp** – June 28 – July 2
   Dig deeper by observing animals, learning about normal animal behavior, and applying what you learn. Get on track for a career in animal or veterinary science.

3. **4-H STEM Catalysts Camp** – July 6-10
   Become a catalyst for change by exploring robotics, alternative energies, and science of motion; see how science and technology are used in nature and everyday life. Explore STEM related careers.

4. **4-H Healthy, Green and Growing Camp** – August 2-6
   Make healthy lifestyle choices like using fresh fruits and vegetables and getting regular exercise by learning about sustainable gardening practices and how to prepare fresh produce.
