RESEARCH SHOWS:

4-H Helps Young People Excel Beyond Their Peers
For a decade, preeminent youth development scholar, Dr. Richard Lerner, and the team at the Institute for Applied Research in Youth Development at Tufts University have been working with faculty at land-grant universities to conduct The 4-H Study of Positive Youth Development.

This in-depth, longitudinal study has discovered that the structured learning, encouragement and adult mentoring that young people receive through their participation in 4-H plays a vital role in helping them achieve future life successes.

4-H YOUTH MAKE MORE HEALTHY CHOICES
Young people in 4-H are:
• 3.4 times more likely to delay sexual intercourse by Grade 12
• Shown to have had significantly lower drug, alcohol and cigarette use than their peers
• 2.3 times more likely to exercise and be physically active

The study also finds that girls in 4-H are more than twice as likely to participate in science, engineering, or computer technology programs than their peers.

4-H’ERS EXCEL IN SCHOOL AND THE SCIENCES
Young people in 4-H:
• Report better grades, higher levels of academic competence, and an elevated level of engagement at school
• Are nearly two times more likely to plan to go to college
• Are more likely to pursue future courses or a career in science, engineering, or computer technology

The study also finds that girls in 4-H are more than twice as likely to participate in science, engineering, or computer technology programs than their peers.

YOUNG PEOPLE IN 4-H ARE COMMITTED TO IMPROVING THEIR COMMUNITIES
A notable trend of the study indicates that 4-H youth are 3.4 times more likely to actively contribute to their communities when compared with youth who do not participate in 4-H.

METHODOLOGY:
The 4-H Study of Positive Youth Development is a longitudinal study that began in 2002, surveying more than 7,000 adolescents from diverse backgrounds across 44 U.S. states. The study is made possible by the contributions of our nation’s land-grant universities and National 4-H Council.
