List what you do in this project as you go through the year. Be specific by telling how many animals were selected/cared/fed, decisions that were made and plans that were carried out.
Example: I picked 4 calves from our herd & bought 2 at a show calf sale. We could never get 2 of them broke to lead so we turned them out to pasture. I fed the other 4 two times a day every day. As county fair got closer, I decided to only take 3 calves. I didn't take the other calf because it didn't eat very well the last month to gain the weight that it needed to look good at the county fair.
