

Welcome to Allamakee County 4-H!

Welcome to 4-H!

We're so glad you've decided to join us!

My name is Kris Fahey, and I'm the County Youth Coordinator. In short, 4-H is my job, I'm here to help and give the best 4-H experience possible.

4-H has so much to offer, and because it has so much to offer, there's a lot of information to take in and lots of things to learn as you work through your first year. So, I've put together a few quick tips for you.

1. Don't be afraid to ask questions! Leaders and other 4-H members are excellent resources. They've done this all before and can often answer your questions. Also, always feel free to contact the Extension Office and talk to me. 4-H is my job and I will do whatever I can to help you.

2. Read your newsletter. The newsletter is the tool I use to get information out to everyone in the county. Everything you need to be informed about is in the newsletter. It's an excellent resource, so use it!

3. Write down important dates. In order to help the 4-H program run smoothly, there are several important deadlines which occur through out the year. They are in the newsletter, many are listed on this website, and should be discussed at your club meetings.

4. Keep a special box or folder for all of your 4-H "stuff". This is an easy way to keep yourself organized. If you have a question about something related to 4-H, you'll always know where to find it.

5. Have fun! That's what 4-H is all about. Enjoy yourself, experience a new opportunity, learn something new, and make a new friend.

Let me know if I can help you with any questions. You are joining a great club and I know your leaders can help you too!

Think Green,
