Demonstration Farm
Lewis, Iowa

Interested in Fruits & Vegetables?

Are you interested in expanding your farming operation to include horticulture crops? Are you just getting started in fruit and vegetable production? Are you considering adding a high tunnel to your current operation? If you answered yes to any of these questions, then you may want to attend an in-depth workshop that will cover:

- High tunnel selection, site, and construction
- Irrigation and climate control in the high tunnel
- Bed design and crop scheduling
- Pest management
- Soil management and fertility
- Business plan development and marketing

Fee: \$30/person (\$50/couple) includes training manual/workbook and refreshments. A high tunnel resource kit will be provided to current and future high tunnel owners.

For more information contact: Linda Naeve (lnaeve@iastate.edu) 515-294-8946

**Pre-registration is required.
