This is a license agreement for the Adult Children and Aging Parents/Conversations Between Generations curriculum materials and handout masters (current Web edition)(the "Materials") between _____ ("Licensee") and Iowa State University ("ISU").

1. ISU grants to Licensee the non-exclusive, non-transferable right to use the Web site or electronic files to create hard copy masters or electronic files of the Materials, suitable for printing the text of the Materials in accordance with the terms of this Agreement. In consideration, Licensee shall pay a license fee to ISU Extension (see page 3 of this agreement for options). Licensee may, subject to the conditions set forth in this Agreement, reproduce unlimited copies of the handout portion of the Materials over a five-year period (from the date that ISU Extension signed this agreement) in paper print format and distribute free or sell the Materials as needed for Licensee's clients. Content of the Materials may not be changed (with the exception of items listed on page 3). However, the Materials may be used in parts, making sure credit to Adult Children and Aging Parents/Conversations Between Generations and Iowa State University Extension is clear on the parts. If the Licensee adds content, it must be clear that the additions are not part of the Materials. Neither the whole nor the parts of the Materials may be reposted on the public Internet. The content of the Materials may be extracted for use for promotional purposes, in promotional material for the Materials, in press releases, or in audio or visual formats about the Materials. The electronic files of the Materials or their content may not be resold or otherwise transferred to another person, except that they may be provided to a printer for the purpose of printing as per this agreement. For those using the Web password, Licensee may add a cover sheet stating that the Materials are provided by the Licensee, but the original pdf format of the Materials may not be changed and the Iowa State University wordmark must be included.
2. If the Licensee sells the Materials, the Licensee may charge clients only the production costs for the Materials.

3. If the Web option is selected, ISU Extension will provide Licensee with a password for the restricted Web site of the Materials after the agreement is concluded and ISU Extension receives \$50 for each individual or \$1,000 for state/region from Licensee.
4. Remittance shall be a check payable to Iowa State University or a Purchase Order, and the signed agreement shall be sent to the Communications Manager, Continuing Education and Communication Services (see address above).
5. This Agreement may be terminated in whole or in part in writing by either party, provided the other party is given not less than 30 days written notice of intent to terminate, and an opportunity to talk with the terminating party prior to termination. Licensee shall return whatever has been produced of the Materials to ISU within thirty (30) days of termination.

Please print out and complete all three pages of this form and mail with a check or purchase order to the above address. You will receive your Web access password by e-mail or electronic files on CD.
