The Monroe County 4-H Program works to empower youth to reach their full potential working and learning in partnership with caring knowledgeable adult volunteers. These volunteers provide a great service to all members and their families. Some are new faces to the table while some have been engaged adult volunteers for many years. All of them are appreciated for their continued efforts in helping to provide the best 4-H experience to all Monroe County members and their families.

Education is the key component in the Iowa State University Extension mission. The volunteers listed on the pages provided in this directory are a great attribute for expanding each members knowledge and giving them special tools to build life long skills. They give freely of their time and talents in many ways throughout the 4-H year.

Please take some time to look over this important 4-H tool provided to you. If you have any questions and/or comments please feel free to contact the Extension Office at (641) 932-5612 or any of the listed volunteers in this publication. We are all here to make everyone's 4-H experience "The Best" and we are willing to help out in any way we can.

I would personally like to take this opportunity to "Thank You", the volunteers, for all you do everyday to "Make The Best Better" in Monroe County!

Sincerely,

Angela Tratchel
