

The Green Team 4-H club is made up of Taylor B, Sierra B, Dawson H, Kodiak K, Rachel M, Derek R, Mitchell W, Travis W and Brady W. A fun group of kids that have had a busy year.

Our fundraiser for our club was to sell Christmas trees, wreaths, poinsettias and garland. We also did several community service projects this year. The club had fun helping with the Angel Trees. They also made Valentine cards for the nursing home residents. On an early out from school we got together last fall to do yard clean up for a member's grandparent.

We have monthly meetings but our favorite ones are our project meetings. Last year we had two or three of these meetings to do group projects before fair. This year we are going to incorporate more of these hands-on type meetings.

Speaking of fair, our club entered the ice cream contest at the county fair. We had winning recipes in two categories. Also at the fair we had seven State Fair Considerations from our club. Three of those went on to the State Fair.

The Green Team is looking forward to another fun year of activities and projects. If you are interested in joining 4-H come & check us out!
