

Extension Tip of the Week

Has your dinner hour ever been interrupted by an unwanted telephone call? If so, you are not alone. However, you don't have to continue to receive those unwanted calls, at least most of them. Congress first passed the Telephone Consumer Protection Act (TCPA) in 1991 in response to consumer concerns about the growing number of unsolicited telephone marketing calls

Once you have placed your home phone number or numbers, including any personal wireless phone numbers, on the national Do-Not-Call list, callers are prohibited from making telephone solicitations to those number(s). Your number or numbers will remain on the list until you remove them or discontinue service – there is no need to re-register numbers.

You can register your home phone number or numbers on the national Do-Not-Call list by phone or by Internet at no cost. To add a phone number to the national Do-Not-Call list via the Internet, go to www.donotcall.gov. To register by phone, call 1-888-382-1222 (voice) or 1-866-290-4236 (TTY). You must call from the phone number you wish to register. For more information on the national Do-Not-Call list, visit our Web site at www.fcc.gov/cgb/donotcall.

While registering home phone numbers on the national Do-Not-Call list prohibits telephone solicitations, this action does not make prank or harassing calls unlawful. For problems with such calls, contact local law enforcement agencies.
