

If you are in 4th grade through 12th grade and live in town, on the farm or in between, then 4-H is for you. Delaware County 4-H clubs meet monthly throughout the year with a short business meeting, an educational component and time to have fun. More than 94,000 young people participated in Iowa 4-H activities last year.

In 4-H, you can... *Have fun *Make new friends *Learn and do new things *Help others

Families learn and share in 4-H. Select a club near you or one that includes youth you know.

If you have questions, please contact Marcia Hanson, Delaware County 4-H Program Coordinator at 563-927-4201 or stop in to visit at ISU Extension for Delaware County, 1417 North Franklin, Manchester.
