Each club is asked to have at least 4 youth and 1 adult in the building at their designated time. 4-H members and adults should greet those who enter the building and answer any questions they may have. No one is to enter booth areas. Please arrive at least 10 minutes before your scheduled time. Clean clothing is expected and 4-H apparel is highly encouraged. It is important each shift is covered by the designated club so we don't have a problem with theft or vandalism. Fun While Patrolling will be offered once again.
