

Funding Ricochet

Ricochet can be funded successfully in several ways. First create a budget and then determine who it makes sense to ask for funds. Use the following as a guide for planning a budget.

| Budget Item | Amount | Source of \$ |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|--------------|
| Staff Time | | |
| Staff travel | | |
| Non-consumable equipment Consumable supplies: Copies of homework and journals (color or B/W) Nametags Thank You's Certificates (color, possibly w/photos) | | |
| Facility fee | | |
| Food | | |
| T-Shirts | | |
| Seed money for Leadership project | | |

Consider the following sources for revenue: registration fee; in-kind donations; County Farm Bureau; local bank; service clubs; local community foundations; local coalitions, etc. Youth can be assigned a session to host and provide the food or drinks. A brochure can be found on the Ricochet website that can be used to share Ricochet funding opportunities with the community. Go to <http://www.extension.iastate.edu/emmet/info/ricochet>.
