

Extension's Energy Tip for June 2009

If you have to drive, combine errands into one trip. Several short trips, each from a cold start, can use twice as much fuel as one trip covering the same distance when the engine is warm. Get more driving and car maintenance tips.

<http://www1.eere.energy.gov/consumer/tips/driving.html>

This tip is brought to you by the U.S. Department of Energy and ISU Extension.
