

Due to the many changes in Iowa State University Extension through the state-wide restructuring plan, Kathy Schmidt, Ida County Extension Education Director, has resigned her position effective June 19, 2009. Kathy has accepted a position with Buena Vista University and will be working at their offices in Carroll and Denison in several capacities to include working with the students.

Please join us in wishing Kathy much success and all of our best! We extend many thanks to Kathy for her great efforts and leadership in Ida County, as well as, for Extension in Northwest Iowa. Her dedication to her position with ISU Extension will always be appreciated.

The Ida County Extension staff and council look forward to continuing the privilege and tradition of providing a variety of services and support to our Ida County communities.
