

4-H Special Interest Club Information

New Science Project Club: The Epic Scientists!

Are you curious about how things work? Do you like to do experiments and try new things? Are you fascinated by the world of nature? Then this is the club for you! We begin meetings soon to start you exploring and finding project ideas for 4-H Fair and beyond! We are accepting Clover Kids and Regular 4-Hers.

Leaders: Nancy and Brice Anton-Jensen

Phone: 319-393-3403 Email: <antonjensen@q.com>

Fee: \$35 if new to or re-enrolling in 4-H (includes membership in 4-H for 2010-2011 club year). Download [Registration Form](#)

June 27-July 2, 2012: Linn County 4-H Fair in Central City

August 14, 2012: GPS Outing--TBA

JOIN TEAM 4-H2O!!! THE FISH CLUB!

If you have an interest in fish and aquariums, aquaculture, DNR fisheries, or Oceanic Biology, then this is the club for you. Our meetings are held all over the place as we will be going to rivers, ponds, and homes to explore fish keeping and all things water. (Usually Saturday mornings) We'd love to have you travel with us. Call today- Jackie Allsup at 319-934-3665 or email at Cedarserviceja@aol.com Find us on Facebook at 4H Fish!

The **Quacky Quilters** meet the second Monday of the month from 1-3 P.M. at the Linn County Extension Office conference room. This is a junior group for 4-6th graders for up to 6 members. Those who join should have prior experience using a sewing machine and know the basics of threading a machine and sewing on a straight line. Members should have a working sewing machine to take to meetings. A parent should accompany the member for support and to learn along with the group. Fabric will be available for those who might like to use it.

The **4 Leaf photographers** are a 4-H club that meets monthly. They are focused on photography, techniques and methods for youth to improve their photo taking skills! Next meeting is October 24th at 5:30 to 6:30. Including fun activities such as scavenger hunts with prizes. There are challenges for the members by completing photo take home activities and then returning with their completed activity at the next meeting where they will receive peer input. Lead by a former 4-H'er that found her passion in photography during 4-H, and has turned it into a career!
