

IT IS THE GOAL OF THE SIOUX COUNTY BARN QUILTS TO:

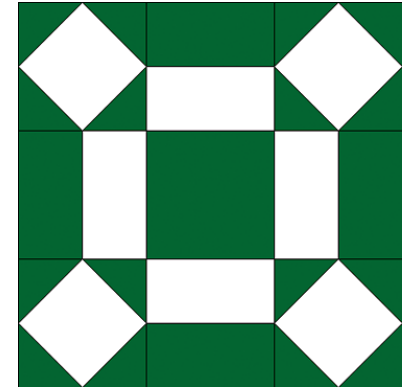

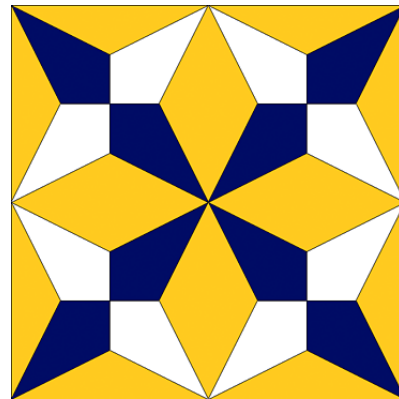

- Encourage Agri-Tourism throughout Sioux County by coordinating Barn Quilt production and publicity
- To preserve Sioux County and Iowa's Farm Heritage by encouraging barn building preservation
- To display Barn Quilts on Sioux County farm buildings

The Barn Quilts of Sioux County Organization placed its first Barn Quilt in Sioux County in spring 2009.

There are now six Barn Quilts displayed on barns in the county. And there are over twenty original design quilts in the county.

Are you a resident of Sioux County? Are you proud to be a resident of Sioux County? Well, we are too and we think that one way of supporting our county and promoting Sioux County's agricultural heritage is to place **BARN QUILTS** on barns and other rural buildings in Sioux County.

In time our hope is to include the communities of Sioux County in our project by creating *Community Quilts*. These would be placed on the edge of town to welcome people into that community. The Community Quilt is a 4X4 quilt. The Barn Quilts are 8X8.

If you are interested in having a Barn Quilt placed on a building that you own in rural Sioux County, please contact one of the people on the committee.

Your Barn Quilt can be anywhere in the county, just as long as it is visible from the road that passes the building. We can assist you with any other questions that you may have.

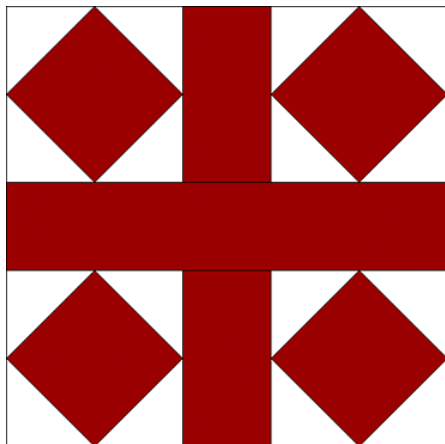

Pictures of some of the Barn Quilts in the county can be found on the web site of Iowa State University Extension Sioux County. Also on the web site is our price list for quilt kits. Please take a look at the site for more information about Barn Quilts.

www.extension.iastate.edu/sioux

Please keep checking the Extension web site for new information, new pictures and...

COMING SOON...

a map with locations of all the quilts. This will be adjusted any time there is a new quilt placed, so keep checking.
