

What is 4-H?

4-H is an educational youth program provided by Iowa State University Extension. 4-H clubs are for boys and girls that are in 4th through 12th grade. Youth that are in kindergarten through 3rd grade can participate in a clover kids after school program. Mills County currently has twelve 4-H clubs that meet once a month all over the county, full of kids just like you! You can be from a farm, live in town, a rural area, or a city. Wherever you are from, whatever you are interested in, 4-H has something for you!

4-H is a **community** of **young people** across **America** who are learning **leadership, citizenship** and **life skills**.

Still have questions? No problem! Call the staff at your Mills County Extension Office today! 624-8616

What can I do in 4-H?

In 4-H, you can learn new skills by enrolling in one of over 200 learn-by-doing project areas. Just a few include everything from camping, beef, photography, cooking, fashion and sewing, woodworking, automotive, swine, computers, rocketry, and drawing and painting. You can make new friends and meet new families while exploring new places! Mills County 4-Hers get to enjoy special events like the Halloween party, junior camps, and the Mills County Fair!

4-H is awesome!!
