Attached is the *Regional Food & Fitness Leadership Team Description*. It describes the role and responsibilities of a Regional Food & Fitness Initiative Leadership Team Representative. How will we decide who will be selected to represent our County on the Regional Food & Fitness Leadership Team?

How do you suggest the Regional Team select “programs” to address regional priorities?

How will counties merge areas of the Local Food System, Built Environments for Physical Activity and Play, Health Education, and Policy Awareness as we develop a comprehensive plan to “create community environments that support healthy children, youth and families by making available and promoting the procurement and consumption of local healthy food and the creation of space and structures for physical activity and play?

How will we know if our County Planning Team’s Leadership is effective and accountable at the county level? at the regional level? How will you decide if a change in our leadership/representation on the Regional level is needed?

How will we deal with changing membership to our County Planning Teams?

How will we manage conflict?

We will need to communicate effectively with each other. Check below all means of communication that could help us communicate well with each other and with the public in an open and timely manner:
