Project Record

Years enrolled in this project (including this year) _____

(A project continues all year. It includes what you do and learn in the project in which you are enrolled; an exhibit is only one part of all you did in the project.)

Here's what I would like to learn this year. (list one or more things) These are called goals. Your goal should include **what** you want to do, **how** you will do it and **when** you plan to have it done.

Here's what I did and learned as I worked toward my goals in this project. (Write down things during the year.)

Here's what I learned that I didn't know before. (Example – amount of time it took, a new skill, how much it costs.)

Here are other things I did this year related to this project. (Include activities such as tours and workshops, things you did for other people – this is citizenship and leadership, talks or presentations, fair exhibits and so forth. You may not always have information to put in this section.)

Project Evaluation (to be completed after the fair or after marketing you animal)

Average Daily Gain (how rapidly did your project gain weight) Divide the total pounds of gain by total days fed _____ pounds per day.

Feed Efficiency (how much feed did your project need to gain one pound). Divide quantity of feed (pounds) by total pounds of gain _____ pounds of feed per pound gain.

Feed Cost of Gain (how much did feed cost to produce a pound of gain) Divide total cost by total pounds of gain _____ dollars per pound of gain.
