

Extension Council Mileage Reimbursement Rate

The Code of Iowa Chapter 176.A states that Extension Districts can reimburse the Extension Council members at the "state rate" as provided below:

176A.9.6.

Members of the council shall serve without compensation, but may receive actual and necessary expenses, including in-state travel expenses **at not more than the state rate**, incurred in the performance of official duties other than attendance at regular local county extension council meetings. Payment shall be made from funds available pursuant to section 176A.8, subsection 12.

Each County Extension Council determines the rate for their county not to exceed the state allowed rate.

The 2008 state rate is \$.39 (39 cents) per mile.
