

Perennials for Sun, PM 1914 Ordering Information

Hundreds of perennials prefer the bright light and accompanying heat that define sunny sites. This 36-page publication gives growing characteristics for more than 100 perennials that thrive in the sun in zones 3 to 5.

Special features:

- 140 color photos
- 100+ plant descriptions
- Bloom time comparisons
- 20 sources of perennials
- Tips to determine amount of light in your garden
- Specialty lists suggest plants that
 - tolerate moist soils
 - tolerate dry soils
 - have fragrant flowers
 - attract butterflies
 - are native to United States
 - can be used as cut or dried flowers
 - are rarely eaten by deer
