**Please write a few complete sentences about what you learned in 4-H, or why others should join 4-H.**

In 4-H I have learned responsibility and creativity. You take responsibility for the work and time you put in and you set examples for others. Throughout 4-H I was able to find out more about my creativity, from beautiful pictures of sunsets to drawings here and there I found out what helps inspire my creativity. I hope other kids are able to find their creativity through 4-H. Other kids will learn more or different qualities through 4-H, it can be one of many experiences to guide them throughout school.

**Future plans:** My future plans are to attend Iowa State University in the fall of 2023.
