

Sponsors

There are various types and levels of sponsorship for the State Science + Technology Fair of Iowa:

General Fund Sponsorship:

These sponsors generously provide funds for the general operation and general scholarships provided by the SSTFI. These funds are corporately and privately given either through donation or grant.

Scholarship Sponsorship:

These sponsors provide scholarships in their name to students usually within a designated category. Many of these sponsors are also General Fund Sponsors.

Special Award Sponsorship:

These sponsors provide gifts, certificates, and other awards in their name to a specified group of students. These awards cover very specific criteria as required by the sponsor. Within the Special Award Sponsorship the awards are broken into three main levels: Intel ISEF Sponsored Awards (these awards come directly to us through our affiliation with the Intel ISEF), Military Sponsored Awards and Iowa Organizations & Individuals Sponsored Awards.

Volunteer Sponsorship:

These sponsors are organizations, clubs, companies, educational institutions, colleges and departments, etc. that graciously provide judges and volunteers or allow their employees time off to serve as a judge or volunteer.

In Kind Sponsorship:

These sponsors provide a service or equipment free of charge to the SSTFI.

All of our sponsorships are recognized within the following levels based on their donations:

Volunteer Sponsors: \$0 but priceless service

Bronze Sponsors: up to \$1,999

Silver Sponsors: \$2,000 to \$4,999

Gold Sponsors: \$5,000 to \$9,999

Platinum Sponsors: \$10,000 or more
