Exhibitors need to have their animals entered and weighed, penned, stalled, or caged during time frames specified on the county fair schedule. If you have a definite conflict with animal entry and exhibit building judging, arrange to come to the exhibit building for judging as soon as possible after your animals are entered. Do not let the animal entry schedule deter you from bringing exhibits to the exhibit building.

An exhibitor who has both 4-H and FFA exhibits to be judged in the exhibit building will have all exhibits evaluated during one judging time period. The exhibitor may choose the time period that is most convenient—either with their 4-H club or FFA chapter.

Most 4-H and FFA members should be able to complete the entire judging process in 1 1/2 to 2 hours. The times listed below are arrival times for clubs/chapters. Each exhibitor must report to the building superintendents during their club’s assigned judging time with a completed entry form and pick up a judging number. This number will be used to determine the order exhibitors will be judged. The lowest number has priority. No exhibitor will be issued a judging number before their club’s assigned judging time (unless you have an animal entry conflict). If an exhibitor has a non-fair related conflict during their assigned time, they need to contact the Extension office.
