

4-H and FFA CENTER ENTRY & JUDGING SCHEDULE WEDNESDAY, JULY 16, 2014

Most 4-H and FFA members should be able to complete the entire judging process in 1 1/2 to 2 hours. The times listed below are arrival times for club/chapter groups. Each exhibitor must report to the building superintendents during their club's assigned judging time with a completed entry form and pick up a judging number. The number will be used to determine the order in which exhibitors in each line will be judged. The lowest number will be the first judged. No exhibitor will be issued a judging number until their club's assigned judging time. If an exhibitor has a non-fair related conflict during their assigned time, they need to contact the Extension office in advance to arrange for a different time during the judging day.
