2015 4-H STATE AWARD RECIPIENTS FOR ADAIR COUNTY

Congratulations to Adair County 4-H’ers who participated in 2015 State 4-H Recognition competition!

Adair County Extension Council and Staff would like to recognize these seven 4-H’ers for their hard work and achievements. To earn recognition at the state level each individual created a written online application showcasing some of their projects in specific developmental areas. They then experienced an intricate interview process in Ames. This is an excellent experience for all who apply. The next deadline for state awards is February 1st, 2016. If you would be interested in applying for state awards next year, please contact Adair County Extension Office at 641-743-8412.
