Iowa Youth Exhibitors Code of Ethics
Youth are expected to be sincere, honest and act in sportsmanlike ways at all exhibitions. Youth represent the entire program and their behavior reflects on their parents, leaders, club and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve positive role models by what they say and do. Any youth who breaks the code of ethics or who allows another person (adult or peer) to talk them into violating the code of ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state or regional exhibitions.

Youth agree to follow these guidelines:
1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc.) care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
2. All exhibits will be a true representation of my work. Any attempt to take credit for another’s work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit are considered misrepresentation and are prohibited.
3. I will treat all people and animals with respect. NO physical violence to humans or animals of any kind will be tolerated.
4. I will present exhibits that are safe for consumption. All food exhibits should be safe to exhibit and for judges to evaluate. Other exhibits should be safe for judges to evaluate and for exhibition. All food animals that may be harvested immediately following the show should be safe for consumers, and should have met all withdrawal times for all medications. All other animals must have followed label instruction for all medications. Fairs and exhibitions have the right to test any animals for drug violations. If any animal requires medical treatment while at a far or exhibition, the treatment must be administered only by a licensed veterinarian.
5. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
6. I will follow all livestock health requirements for this exhibition, according to the state of Iowa Veterinary requirements in the premium book.
7. I am responsible for my exhibit and I will allow others to violate this code on my behalf. I will accept the consequence if other violate this code with my exhibits.
8. I want my exhibit to be an example of how to accept what life has to offer -- both good and not-so-good – and how to live with and learn from the outcome.

I agree to conduct myself in an honest, ethical, and upstanding manner, and I understand that disciplinary action will result if these rules are violated. I understand that I expected to represent the program in a positive manner. I have read, understand, and agree to follow this Code of Ethics.
