# 2021 Dry Manure Applicator Certification Workshops

Iowa State University Extension and Outreach, in cooperation with the Iowa Department of Natural Resources (DNR), will offer manure applicator certification workshops for dry/solid manure operators on six different dates and locations in February 2021. **Due to Covid-19 restrictions, pre-registration is required. No walk-ins allowed.** Please contact your location extension office.

These workshops meet manure applicator certification requirements for both confinement site manure applicators and commercial manure applicators who primarily apply/haul dry or solid manure.

Businesses primarily hauling or applying dry/solid manure are encouraged to attend the dry/solid manure workshops. If you can't attend the workshops, contact your county office and request to see the Dry Manure Applicator video. The workshops are free and open to all. Applicators will be required to submit certification forms and fees to the Iowa DNR to meet manure applicator certification requirements. \*Indicates workshop site is different than ISU Extension and Outreach County Office. **All programs begin at 1 p.m.**
