## 4-H Cat Project Record

4-H'er should complete a new page 2 & 3 of cat project record each year.  
Bring pages 1-3 to the 4-H cat show at the Boone County Fair. Then place with your 4-H records.

Name: Ima Four Her Grade: 11 Year: 2003-2004

**My cat's story** Describe your cat's personality, likes and dislikes, indoors or outdoors, play activities, what and how often you feed it, health, and the physical care you provide such as flea or tick, ear care, brushing, bathing and any other information you would like to share.

Sassy's favorite activities involve sleeping and becoming super active in mid-afternoon that will last about a half hour. She is a full-time indoor cat and even if I were to open the door so she could go outside; she wouldn't. Sassy is incredibly picky about her litter rocks and her food. She refuses to eat table scraps which is good since they are bad for her health anyways. With her being the runt of the litter she has always been small and delicate, so she is on constant food and water. She is routinely brushed, checked for mites, and cleaned.

**Goals:** Here's what I would like to learn this year in this project. List at least 2 goals related to all the cats you care for.

As a junior leader I would like to be more helpful with younger members involved in the cat project and gain knowledge about feline diseases.

**Action plan:** Here's what I did and learned as I worked toward my goals in this project. If you cared for more than one cat, tell us about the other cats here.

I helped answer younger members' questions about the project in my club as well as the community. I also learned more about their health because a stray tomcat wandered onto our farm. He was the most loving animal in the world so we took him to the vet to be caught up on shots and neutered.

**Communications:** List ways you talked to others about your project (club presentations, demonstrations, interview an expert, newspaper or radio.) Include kind of talk, group reached and number in group.

I helped with ideas for the new project record and helped my club and community being a Junior Project Leader.

**Citizenship:** List ways you helped others related to this project. Include activities of benefit to community, school, church group, a neighbor, etc.

I am taking care of my neighbors cats over the summer. I have fed, watered, and cared for them daily.

**Leadership:** List what you did to teach others, lead workshops, organize an activity related to this project.

Being Junior Project leader I helped with ideas for the new project worksheet.

**Exhibits and Recognition:** List fair exhibits, ribbons, certificates, thank you letters, name in newspaper, Awards Day recognition in relation to this project.

3 reserve champion, purple ribbons, bronze, silver, and gold awards,  
r. Project leader, newspaper recognition, state judging video.

**Reflections:** Evaluate yourself on this project experience. Did you do more than you expected, the same as you expected, or less than you expected? What were some of your fun and frustrating experiences, your successes?

What has been very frustrating for me is that I have yet to receive a grand champion but yet I am thrilled to have a healthy-happy cat.

**Next year:** Tell what you would like to do next year in this project.

Communicate more knowledge to my peers.

### Financial Summary:

Expense	Amount
Food (type of food <u>Kitten Kaboodle</u> )	\$ Cost/month <u>3.59</u> X 12 = <u>42.48</u>
Litter	\$ Cost/month <u>4.00</u> X 12 = <u>48.00</u>
Veterinary care/ medical expenses/vaccinations	\$ <u>36</u>
<u>Rabies every 4 years</u>	\$ <u>25</u>
Physical Care items (toys, grooming tools, carrier)	\$ <u>10</u>
	\$
Miscellaneous	\$
	Total cost \$ <u>161.48</u>

In your 4-H records attach photos, clippings, and other information on additional pages. Information on this form may be adapted for use with computer or video tape.
