

Show-A-Sheep Program

Have you ever wanted to show a sheep but don't have the facilities to keep one? Have you wanted to learn more about raising sheep? *Check out this FREE program!*

The "Show a Sheep Program" is open to all 4-H and FFA members in Bremer County. The program is to allow 4-H and FFA members that would not otherwise be able to show a sheep at the county fair access to an animal. 4-H and FFA members will be allowed to pick out their lambs (limit to two) at weigh in, and the lamb will stay at the producer's farm. The members are not required to buy the animal or buy feed. They are required to go out to the farm on schedule days with the producers to tame their lambs, work with their lambs, keep a journal of their experience (part of the judging will include the journal), and learn basic husbandry from the producers.
