Project Summary:

Write 1-2 pages explaining the following questions (if possible, please type your answers).

1. What was your goal for this project? What did you want to learn?
2. How did you go about achieving your goal?
3. Where did you get your calf and how did you go about deciding where to get your calf?
4. Describe the facilities where you housed your calf: pen size, location, water, feed.
5. Describe the feeding program you followed: types of feed, amount per day, etc.
6. Did your calf have any health problems? If so what and how was it treated?
7. What was the most important thing you learned as you worked toward your goal?
8. What idea or plan do you have for the future based on what you have learned?
