**Guide**

**The Cedar County Family Resource Guide was created through collaboration from many agencies in Cedar County. This guide is dedicated to all those who work hard and tirelessly all year long to ensure our Youth and Families of Cedar County have the support, resources and necessities they need to take care of themselves and their families. Without these caring, wonderful people this guide would not have been possible. Even though many sets of eyes looked over this guide to proof, correct and create, we realize there may still be mistakes. For this, we apologize. I would like to thank all of those individuals who spent time proofing, correcting and helping me to make this guide possible and last but not least thank you to Cedar County Decat for funding this guide and to Theisens Community Grant for providing funding to print additional guides!**
