- We bring campus to you. With nearly 1,200 faculty and staff on campus and across the state and 100 county offices, Extension and Outreach gives Iowa State University a 99 county campus.

- 1 in 5 kids wears the clover! More than 105,000 school-age youth participate in Iowa 4-H programs.

- Kids really do like science, technology, engineering, and math. We provide youth in all 99 counties with opportunities to build STEM skills.

- More than 60,000 Iowans are taking action, thanks to education and information from our community and economic development specialists. These local leaders, government officials, business owners, entrepreneurs, and volunteers are improving their communities.

- Human sciences education expands potential. Last year Iowans improved their knowledge and skills in health, nutrition, family finance, and family life, through more than 100,000 learning opportunities with us.

- Farmers and agribusiness professionals come to us. Last year they participated in more than 300,000 learning opportunities in agriculture and natural resources, including live meetings, one-on-one consultations, and webinars.
