Structured for Success Survey

Q1 We want to better understand county extension councils' interest in Structured for Success Models 1, 2, or 3 and county staff interest in ISU medical and/or dental benefits. Your survey responses are nonbinding. We realize you need more information about model details and costs before you can make a firm decision. However, your nonbinding survey responses will help us plan next steps.

This survey should take approximately 10 minutes to complete. It can be completed by individual county extension council members and county staff members, or one survey can be completed on behalf of an entire county extension council or on behalf of all staff in a county extension office.

Please complete the survey by **5 p.m., Friday, November 8**. If you have questions, please contact me at jdlaw@iastate.edu.

Thank you for all you do every day to strengthen partnerships among councils, Iowa State University, and all Iowans.

John D. Lawrence
Vice President for Extension and Outreach
