

Welcome to the ISU Extension Dairy Budgets

by:

Kristen Schulte, Farm and Ag Business Management Field Specialist

Larry Tranel, Dairy Field Specialist

Lee Kilmer, Dairy Specialist, lhkilmer@iastate.edu

Iowa State University Extension and Outreach Dairy Team

The ISU Dairy Budgets contain many tabs below that can assist you in navigating around the budget.

There are three main User - Input Tabs for: 1) Prices; 2) Rations; and 3) Other. Use these tabs to input your data.

The F&E Calculation Tab assist with calculating Facility and Equipment Costs

Guide Tab are many budgets that depict various production levels, breeds of cows and production systems (pasture,

prices tab contains a column for the user to enter their data for a specific producer in Column J. This is the main input

of the budgets also contains a heifer budget that can stand alone or can be included in the Dairy Cow Budget in Column I.

The Dairy Cow Budgets can also stand alone without the Dairy Heifer Budget in Column I.

A User's Guide is also included in each of the User Input and F&E Calculation Sheets.

Other than input cells the workbook is locked to prevent accidental change or deletion of equations

we have used their best judgement and skill in developing these dairy budget worksheets and shall not be liable
