Is your commute eating your paycheck? If yes, then it’s time to get qualified to work remotely!

The Remote Work Certificate Course combines independent online work with four interactive workshops and consists of nine core modules, delivered in a self-paced, online format.

Students should expect to spend approximately 30 hours total to complete the course over a 4-week period.

Register now for our next session, beginning on January 3rd. For more information, contact Brenda Schmitt at schmitt@iastate.edu or 641-512-0650.

**ACT Raising Safe Kids:**

This is a nine-week, evidence-based parent education program that focuses on educating parents and other adults who raise and provide care for young children. The goal is to help parents and caregivers create early environments that protect children from violence, use positive discipline and gain an understanding of child growth and development.

Research indicates that effective parenting is a critical factor to prevent youth behavior problems, according to the American Psychological Association. Parent Education hours and foster parent credit hours are available. For more information contact Dawn Dunnegan 319-217-9474 or dunnegan@iastate.edu.

Register today for one of the two upcoming virtual series to be offered on Thursday evenings or Friday afternoons all from the comfort of your own home beginning February 17th and 18th. [https://www.extension.iastate.edu/humansciences/act](https://www.extension.iastate.edu/humansciences/act)
