

The Dickinson County Feedlot Goat Project of the Market Goat Department. As such, animals in this project area are subject to the rules and guidelines of that department. Please refer to the county fair book for specific rules and guidelines.

Additional rules for the Feedlot Goat project include:

### **23310 – Feedlot Goat Project**

1. All feedlot goat pens must be identified and weighed at the April weigh-in. The maximum number that can be weighed is 10. The minimum recommended weight of goats is 25-45 pounds.
2. For fair, exhibitors can bring and show a maximum of two pens of 4 feedlot goats.
3. Feedlot goats *are* **NOT** to be sheared for fair.
4. **Complete feed and expense records must be turned in to Extension Staff or a committee member by Noon, Sunday.**
5. Final placing will be a combined point score to include record keeping points and live placing by judge.
6. Feeder pens may be sold at the livestock auction.
7. Check fair program for show day and time.

By signing below, I agree I have read and agree to the rules of the Feedlot Goat Project. I also agree that it is my responsibility to complete and submit Feedlot Goat Project records to the Extension Staff or a Goat Committee member **by NOON Sunday.**
