

The Dickinson County Feedlot Lamb Project of the Market Sheep Department. As such, animals in this project area are subject to the rules and guidelines of that department. Please refer to the county fair book for specific rules and guidelines.

Additional rules for the Feedlot Lamb project include:

25210 – Feedlot lamb Project

1. All feedlot lamb pens must be identified and weighed at the April weigh-in. The maximum number that can be weighed is 10. The maximum recommended weight of lambs is 90 pounds.
2. For fair, exhibitors can bring and show a maximum of two pens of 4 feedlot lambs.
3. **Feedlot lambs *must be sheared a minimum of 2 weeks prior to fair. No slick sheared lambs. They must have at least ¼" pelt at fair time.***
4. **Complete feed and expense records must be turned in to Extension Staff or a committee member by Noon, Sunday.**
5. Final placing will be a combined point score to include record keeping points and live placing by judge.
6. Feeder pens may be sold at the livestock auction.
7. Check fair programs for show day and time.

-
8. By signing below, I agree I have read and agree to the rules of the Feedlot Lamb Project. I also agree that it is my responsibility to complete and submit Feedlot Lamb Project records to the Extension Staff or a Sheep Committee member **by NOON Sunday.**
