

## **ATTENTION Swine Exhibitors!**

Due to the increase in swine numbers this year, we can no longer designate pens for tack other than the two on the far East side. We feel as if the broken cement in those pens may be unsafe. Tack will have to be placed on the North side of the barn, South of the barn (in the old show ring), or in the very Northeast side of the cattle barn across from the new pig pens. As an additional option, families may also decide to rearrange their pigs to make space for tack within their designated pens.

We are so excited about the increase in our swine numbers this year! If you have any questions, feel free to call the office.

**Let's have a great fair!**
