SINSINAWA MOUND
COLLABORATIVE FARM

The Sinsinawa Mound Collaborative Farm

assists beginning farmers in their quest to access land and develop a thriving farm business. We mentor farmers on landstewardship and organic production to promote a healthy, vibrant regional food system.

We Promote:

- Collaborative learning and business environment that provides access to land, educational opportunities, mentorship, and marketing promotion
- Locally produced, organically grown food
- Harmony between the natural environment and agricultural land stewardship
