Important Livestock Identification Information

Attention 4th -12th Grade Exhibitors:

ALL Livestock ID's must be completed on v2.4honline.com by 11:59 pm TODAY, May 15th. This is a hard deadline, and ID corrections cannot be made after today.

- Market Beef, Swine, Market Sheep & Market Meat Goat are already verified or should be in the process of being verified.
- All Breeding Beef, Breeding Sheep, Breeding Market Meat Goat, Dairy Cattle, Dairy Goat, Horse, Poultry, Pets & Dogs **MUST** be owned and identified on v2.4honline by TODAY.
- Rabbits must be tattooed and identified by July 1st, 2023.

I have included attachments:

- "4H 202" has more detailed ID requirement information for each species
- "4HOnline Animal ID Help Sheet" will walk you through entering animal IDs in v2.4honline.com.

(Attachments can be found at the very bottom of this email.)

We are here until 4:30 pm today, May 15th, to answer any questions or to help you. Call 319-824-6979, and Ashley or Andrea can assist over the phone, or you can stop by our office in person, 703 F Ave, Grundy Center. Please keep in mind we will **NOT** be available for help or questions AFTER 4:30 pm today.

Clover Kids (Grades K-3) Livestock ID's are due July 1st. You do have the **option** of entering animal ID information on v2.4honline.com by the 15th if you want. The **ONLY** advantage of doing it now is that the information will pull into fairentry.com so that you can quickly select an animal instead of adding an animal into fairentry.com when you are signing up for clover kid animal classes. If you have any questions about this please call today at 319-824-6979.

Have a great day!

Andrea Traeger
