Breeding Beef

Animals / Livestock Enrollment Member Settings Trainings

Animal Information

Are you enrolled in the Beef project? To find out, go to the Participation link, then the Projects tab. If you're identifying a heifer, you should be enrolled in the Beef project so that you can receive all the information you need from your county office.

Animal ID limit: 10 head

ID Deadline: May 15

New for 2019: Two methods of identification are REQUIRED for all breeding beef

1) A tattoo is required for ALL animals - includes registered AND commercial heifers - calfhood vaccination # cannot be used as the main tattoo identifier

2) And, one of the following ADDITIONAL methods of ID is required as a secondary method:

- Registration # (if the animal is registered)
- Or, calfhood vaccination #
- Or, official Iowa 4-H ear tag, or EID tag

- "Fresh tattoos" will be DQ at check-in at the state fair. Rule of thumb is 30 days prior to fair if they need re-tattooed.
- Registered/Purebred heifers **MUST** have a Registration # listed below by May 15. "Pending" or "Applied For", for example, will not be accepted.
- If no registration number is entered by May 15, the heifer will only be allowed to show as commercial.

The form below is identification/eligibility only, NOT a state fair entry. Actual state fair entry is due from June 1 - July 1, and can be made in FairEntry with your 4hOnline login.
