During 4-H, I learned to do more crafts and bake more stuff. I learned how to help people and improved my projects throughout the years. People should join 4-H because it is a great way to learn social skills, and you can do almost anything you want for a project, from static projects to show animals. People will feel accomplished when they join 4-H because they can learn to help people and work with animals.

**Future plans:** I am planning on first going to a 2-year college for something dealing with animals. My future job so far is undecided.
