

4-H Senior Spotlight

Name: Julie Campbell

Hometown: Mt. Pleasant

Parents: Melissa & Jason Campbell

Siblings: Madison, Jacie, & Maxlynn

School: Mt. Pleasant

4-H Club: Jefferson Juniors

Projects: I have participated in the cattle shows & static projects since 4th grade and this year I made the decision to show swine for the first time.

Please write a few complete sentences about what you learned in 4-H, or why others should join 4-H.

Being a part of the 4-H community has shaped my character and influenced my decisions. While being involved in 4-H I have gotten the opportunity to express myself in projects and to grow in skills that I need to function in the real world. I have grown my communication skills by talking in front of crowds while showing and participating in the fair queen contest. I have bettered my interview skills by showing static projects and participating in the fair queen contest. People should join to get to know more about the community and be able to grow essential skills for life. They should also join because you never know who you can become friends with even though they don't go to the same school or have the same life style.

Future plans: After high school, I plan to attend Kirkwood Community College and major in agriculture business then transfer to Iowa State University to finish in agriculture education. I plan to teach near my hometown to be close to family and be able to help out on the family farm when needed.
