**4-H Club:** Henry County Sharp Shooters

**Projects:** Swine

### **Special 4-H memory/highlight:**

My favorite 4-H memory would be one of the first years of showing pigs when I was able to make lots of new friends and had a lot of fun having marshmallow wars and water balloon wars.

### **Please write a few complete sentences about what you learned in 4-H, or why others should join 4-H.**

In 4-H I have learned many things but I think the main thing it has taught me is to have the ability to be independent and get things done myself but also never be afraid to ask for help. I think that people should join 4-H because it is a good experience where you are able to make lots of friends and create lots of good memories all while learning lots of useful information about things that will give you experience in a wide variety of fields from hands on crafts and tools to working with livestock which all can help you in the future.

### **Future plans:**

I plan on attending Iowa State University and majoring in Mechanical Engineering.
