Helping 4-H Youth Thrive (2022-2023)

Volunteers who are club, project, or Clover Kid leaders, SESS leaders or assistant leaders attend an annual training that strengthens their positive youth development knowledge and skills. Training occurs in each county and is designated as the annual training module.

Learn strategies to create a positive and supportive environment for youth and develop a stronger understanding of the importance of emotional and social well-being and the impact it has on today's youth. In addition, gain resources that can be used with 4-H youth throughout the year. Resources from the training are posted on the [Volunteer Resources webpage](#).

Humboldt County will be holding their training March 1st with a light meal being served at 5:30 with training starting at 6pm. Nichol will present a short presentation on the Thrive Model but we will be talking a lot of how the office is going to operate while I am out on Maturity Leave, including picking foodstand shift. Please let Kiersten know if you are able to attend so that she can have enough food ordered.
