-
1. Describe how you decided where and how to get your calf.
 2. Describe the facilities where you housed your calf.
 3. What did you feed your calf for the first 90 days?
 4. What did you feed your calf from 90-180 days?
 5. Did your calf have any health problems? If yes, describe what they were and what you did to treat your calf.

6. What did you do to prevent health problems?

7. What have you enjoyed most and learned from this project?

8. What was the biggest problem you had and what did you do to solve it?

Tell us a story about you and your calf.

Attach a picture of you and your calf.
