

## **ATTENDED DISPLAYS - JOHNSON COUNTY MASTER GARDENERS**

**Project Leaders- Jackie Wellborn and Chris Sedrel**

**Attended Displays is a project to inform the community on garden issues, providing information from Iowa State Horticulture department. We set up our materials and answer gardening questions at a variety of community events.**

**Because we can answer questions and give out information on many gardening issues people we help are appreciative of our help. If a question is asked and the answer is not known to us we get personal phone or email addresses and usually have an answer within a day.**

### **Projects in 2021**

**5/1 Backyard Abundance at the garden by the library**

**Topic - Foraging Fruit**

**Attended Displays answered a number of questions brought by the participants**

### **Volunteers**

**Jackie Wellborn**

**Chris Sedrel**

**5/8 Backyard Abundance at gardens in Wetherby Park**

**Grow Easy Vegetables**

### **Volunteers**

**Jackie Wellborn and Chris Sedrel**

**7/10/11**

**Project Green local garden walk. Attended Displays set up at one of the locations and answered questions and handed out gardening information.**

**Several volunteers helped make this a success.**

**July 25-28 Johnson County Fair**

**We set up outside the JCMG Demonstration Garden and answered questions and handed out materials. Two or three volunteers worked at our tables every 3 hours from 10 AM to 7PM all days of the fair.**

**Next year we hope we can be present at more events that are inside buildings.**
