

Animal Care and Housing Form for Lyon County 4-H/FFA Livestock Projects

Exhibitor Name: _____

- 4-H/FFA animal projects are required to be in the personal possession and regular care of the 4-H/FFA member who owns them. Under certain circumstances, animals can be physically housed at a nearby location and within a reasonable distance to the 4-H/FFAers place of residence, but the 4-H/FFA member must take an active and majority role in the daily care of the project animal(s). 4-H/FFA county and/or state staff reserve the right to acquire housing location addresses at the beginning of the 4-H/FFA project year and make location visits as deemed necessary to ensure involvement of the 4-H member.
- It is the responsibility of every 4-H/FFA member to ensure that proper care is taken of their animal(s) according to acceptable methods of good animal husbandry. A healthy animal requires sufficient food, water, shelter, and appropriate health care. Primary care is defined as the 4-H/FFA member making the decisions for and/or providing the care, handling, recordkeeping and training of their animal project.

Sign and return this form to the Lyon County Extension office as a commitment to the guidelines.

Please check the box for each species that is not housed at your home address location in this year.
