

Financial Assistance Application for Youth

Any request for scholarship funds to a 4-H event will be reviewed by the 4-H & Youth Committee and made on a case by case basis. Participants should ideally bear some portion of the activity cost. It has been our experience that those who pay a portion of the cost to participate in an event do so with a more positive attitude. Receiving financial assistance does not register the youth for the event/activity. Financial assistance will be paid upon completion of the event along with fulfilling the requirement of the youth sharing a brief report/photos to the Committee of their experience upon return.
